Dear Catalyst Partner,

Wow! We can't keep up! This Spring God has inundated us with networking opportunities and possibilities for ministry. It is now our prayer that He will give us wisdom in how to prioritize! As we work with churches, collegiate groups, and specialized groups...and as we hear from missionaries on the field, the opportunities to impact lives only increase.

Another priority, as we grow, is to disciple our staff and make sure we are not outrunning our infrastructure. We are trying to make personnel care a focus. God has entrusted us with a great team and caring for them demands good communication and clear vision.

You are part of the team. Catalyst couldn't accomplish our work without your faithful prayers and financial support of our personnel and projects. Thanks for your partnership! We appreciate you!

In the middle of my busy life, God keeps asking me the same question asked of Peter: "Do you love me more than these? ...Feed my lambs". Over and over God asks me if I will obey him and keep this mandate. Has God spoken to you in this way? Is God calling you to missions involvement?

Please look through the list of our projects and consider how God would have you be involved. Your participation in the ministry of Catalyst will have lasting value in the lives of the people we take on teams... and our teams can in turn touch people all over the world with the love and truth of Jesus.

Please take a look at our updated website full of reports, pictures, and videos from past mission trips. Watch for updates on the mission project God is calling YOU to participate in!
