December 10, 2007

Dear Catalyst Partner,

As you think and I think about Christmas and as we celebrate CATALYST's one year anniversary, will you join me in thanking God as CATALYST has:

- Been a part of helping multiple churches in mission vision, strategy or planning in places like Idaho, Wisconsin, Georgia, South Carolina and Tennessee.
- By mid-January, CATALYST will have provided avenues and or led two key mission projects (Appalachia and Nicaragua) – with close to 30 people being disciplined in mission team prep (about 70% college students), and countless others being exposed to the gospel.
- Networked with missionaries from Ukraine, Mexico, Nicaragua, and Appalachia – all in view of doing continuing projects with these missionaries in 2008 or 2009.
- Been able to go from no CATALYST staff, no CATALYST board this time last year – to 6 families now directly involved in our work! God has really blessed us with the Rickert's, Fuqua's, Ingram's working in our operations and the Ogg's, Brown's and Daniel's working in board strategy.

This would not have happened without your help, and without God's stamp of blessing and strength. Thank you for the ways that you have helped!

As God gives you means this season, we are still in need of:

- Your prayers.
- Your support of our faith mission team members both spiritually and financially.
- Your support for our general fund and our individual travelers to Nicaragua (at the date of this letter approximately \$7500 still needed).

Merry Christmas to you and yours! I hope we can all slow down enough to realize Christ is more than the reason for the season, He is the hinge of our faith.....Ephesians 2:8-9.

A handwritten signature in black ink that reads "Andrew B. Brown".
