

CATALYST MISSIONS

CENTRAL
AMERICA

PRAYER GUIDE

TRAINING LEADERS.
EQUIPPING CHURCHES.
REACHING THE WORLD.

Background

The Central America project includes Catalyst's work in the countries of Nicaragua and Cuba. Having started in Nicaragua in 2017, this work has grown across multiple Nicaraguan states. In 2021, the work expanded into Cuba through our national coordinator in Nicaragua who introduced Catalyst to a faithful Cuban pastor who has become our regional coordinator in Cuba and is pioneering this new work.

Nicaragua

Catalyst's Central America project represents one of our most effective training sites. With students coming from multiple parts of Nicaragua, Catalyst is currently engaging the districts of Managua, Chontales, Granada, Carazo, Juigalpa, Boaco, and Matagalpa.

In October 2017, Catalyst Missions began a new project in Central America. The Nicaragua project was birthed out of a need in this central American country for deep gospel roots. Although the gospel is most certainly present in Nicaragua, the opportunities for theologically and methodologically precise training are scarce. We have been overwhelmed by the thirst for education and the pervasive need for training to help equip pastors and disciples for the establishment of healthy churches.

We graduated our first cohort group of students in 2021 and have since started with a second cohort group of pastors, church leaders and disciples. By God's grace, we plan to conduct 3 trainings with our new cohort group in our central site, send regional coordinators for weekly discipleship with every student, and continue to strengthen our graduates. We are already beginning to track a downline of discipleship and a growing number of pastors and disciples investing themselves in the training.

Through difficulty, the Lord has continued this work. We see the fruit of the labor in churches established in sound doctrine who are capturing a vision to reach lostness, disciples being multiplied across Nicaragua, and saints suffering with joy as they fill up the afflictions of Christ (Col. 1:24).

Cuba

2021 provided the opportunity to connect with a pastor in Cuba on an extended basis, work to develop a relationship in which we have vetted doctrine, character and capacity, and think through the prospects of new sites in Cuba in 2022. By God's grace, we plan to start with two pastor training cohorts in Cuba in Havana and Jatibonico. Please pray for this new work!

Our Mission

Right now, of the 2.2 million evangelical churches worldwide, 80% have pastors with no training. Without proper training and discipleship, Christianity remains only a surface level religion, often syncretized with the real worldview of the adherent. Our goal is to follow the model of Jesus and Paul in equipping leaders for the purpose of propagating the gospel into unreached peoples.

Consequently, in the Global South, the greatest need is to equip local, indigenous leaders who will carry the gospel to their own people and beyond. Catalyst believes that long-term training of local leaders is the most effective way to ensure healthy multiplication of the gospel. For this reason, the training curriculum includes nine modules, encompassing theological and methodological formation. One module requires roughly 30 hours of instruction. So, each cohort group that we train receives a minimum of 250-300 hours of instruction as well as mentorship from on-ground coordinators in the interim between trainings. This training cycle amounts to a 3-4 year commitment.

Overall, Catalyst is now working with 23 groups of pastors, leaders, and disciples spread out over 10 countries and 3 continents. These training groups amount to a total of 770 students. As we track their multiplication into others, the reach of the gospel through this training is miraculous. As William Carey once quipped, "Expect great things from God; attempt great things for God."
