

CATALYST MISSIONS

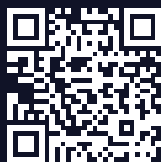

PRAYER GUIDE

TRAINING LEADERS.
EQUIPPING CHURCHES.
REACHING THE WORLD.

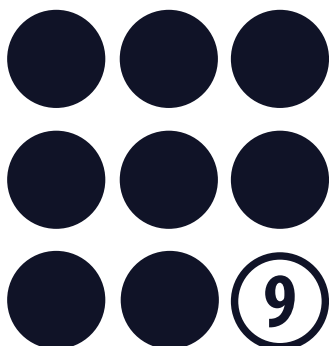

Background

With 4 countries represented, Catalyst is training hundreds of faithful leaders across West Africa. Currently, Catalyst Missions is working in Ivory Coast, Mali, Nigeria, and Senegal with almost 400 students and 9 training sites within these countries.

Ivory Coast & Mali

In December 2016, we received a message from a young pastor in the Ivory Coast, James. He wrote the organization to express his need for training in order to complete the ministry the Lord had given him in the city of San Pedro. Because we were not in a position to adopt another new project in 2017, we told James that we could train him using Skype and reevaluate opportunities for residential training in 2018. Since this time, we have been conducting training on a weekly basis with James via Skype and providing instruction on pastoral ministry and harvest church planting.

The Ivory Coast training has grown rapidly over the past few years. Having graduated our first cohort group of 26 students in Yamoussoukro in October 2020, we have transitioned to a new central site in Abidjan. Additionally, the Lord has provided a faithful leader on the ground, Julie, who has already begun multiplying women's discipleship training among two groups and serving as a new regional coordinator for women's discipleship. As we have encountered areas of great need and deep hunger for the Word, the Lord has provided the groundwork for leaders in 4 different regions of Ivory Coast to be released into the harvest.

The plan for 2022 is to provide training in our new central site of Abidjan and continue training our cohort groups in Duekoue, Soubre, and Danane, multiplying the gospel through faithful pastors, leaders, and disciples. Additionally, we also are planning to continue work that has extended from the Ivory Coast to new countries, Mali and Senegal in order to work with new cohort groups.

Senegal

Catalyst was able to visit Dakar for the first time in 2019. This is our main and only training site in Senegal. This was started by our Regional Coordinator from the Ivory Coast. We have been working with James to select and place a Regional Coordinator in Dakar. Having completed 2 trainings in 2019, one faithful leader has shown the capacity to be a regional coordinator and begin to multiply the training in this city.

Having identified a regional coordinator in Senegal, the plan is to conduct two modules of training in Dakar through our on-ground leadership.

Nigeria

The Nigeria project site was established October 2016, and the first training took place June 2017. The first training in June saw over 200 participants during the week. While the strategy isn't to see how many we can train, the size of this cohort shows the desire and need in this location. They understand the challenge to make disciples of their nation. As part of a church planting network, the leaders we are training present the vision of multi-generational discipleship and church planting. Catalyst is providing training to help move these leaders towards sound doctrine, godly practice, and healthy models of church planting.

The training in Nigeria has grown to include three sites. Catalyst training sites are Kaduna Central (Central Site), Kamazo (Kaduna South), and Nasarawa (South of Abuja). By God's grace, we were able to graduate two cohort groups of students in Kaduna Central and South and continue to work with our students in Nasarawa. Additionally, we are praying and working towards the opening of sites in the area of Abuja with two new cohort groups. We are excited to see this multiplication of the training and the new opportunities for reaching multitudes through these disciples!

Our Mission

Right now, of the 2.2 million evangelical churches worldwide, 80% have pastors with no training. Without proper training and discipleship, Christianity remains only a surface level religion, often syncretized with the real worldview of the adherent. Our goal is to follow the model of Jesus and Paul in equipping leaders for the purpose of propagating the gospel into unreached peoples.

Consequently, in the Global South, the greatest need is to equip local, indigenous leaders who will carry the gospel to their own people and beyond. Catalyst believes that long-term training of local leaders is the most effective way to ensure healthy multiplication of the gospel. For this reason, the training curriculum includes nine modules, encompassing theological and methodological formation. One module requires roughly 30 hours of instruction. So, each cohort group that we train receives a minimum of 250-300 hours of instruction as well as mentorship from on-ground coordinators in the interim between trainings. This training cycle amounts to a 3-4 year commitment.

Overall, Catalyst is now working with 23 groups of pastors, leaders, and disciples spread out over 10 countries and 3 continents. These training groups amount to a total of 770 students. As we track their multiplication into others, the reach of the gospel through this training is miraculous. As William Carey once quipped, "Expect great things from God; attempt great things for God."
